27. janúar 2019

Team members:

On this team there are three members: Atli Fannar Franklín (kt: 2612982609), Ólafur Einar Ómarsson (kt: 2009912739) and Jón Freyr Bjarnason (kt: 0509932649). The team number is 8H. Atli Fannar Franklín will be presenting next Wednesday.

User stories:

- As a visitor, I want to be able to order hotels based on distance from a given point so I can find hotels close to where I'll be spending my time.
- As a visitor, I want to view pictures of the hotel and rooms to see if the room meets my expectations.
- As a visitor, I want to be able to read what amenities are available in the room in order to determine if the room matches my needs.
- As a visitor, I want to be able to sort rooms by size, price, and amenities, so I am able to pick a room that suits my needs.
- As a visitor, I want to see which hotels are pet friendly, because I have allergies.
- As a visitor, I want to see when the checkout time for the hotel is, so I can plan when to leave the room.
- As a hotel manager, I want to be able to post a hotel and configure how many rooms are available and their respective prices, so I can give potential customers information about my hotel.
- As a hotel manager, I want to be able to charge travelers who have booked a room, so I can confirm the booking.
- As a hotel manager, I want to get payment information from customers when they book a room, so I have the ability to charge for late cancellation
- As a hotel manager, I want to be able to respond to reviews and dispute false ones, since reviews are very important when travelers choose hotels.
- As a trip planner, I want to have an interface to bundle together room offerings, so I can make bookings on the behalf of my customers.
- As a tax inspector, I need access to the tax identification numbers of the hotels, to fullfill my legal responsibility to survey hotel service providers.
